

## **Stuart Waldrum**

### ***Director***

Stuart Waldrum is a member of the Board of Directors at Patient Airlift Services since 2012. He works as the Managing Partner at TORI Global at NYC, New York. He has also worked for many years in Automatic Data Processing.

He brings his technology expertise to Board of Directors and is on the Technology Committee working to enhance PALS technology support systems.

When he speaks of his work with Patient Airlift Services, Stuart says, "I'm continually impressed with the passion that the staff and board show in their professionalism and dedication to the mission of PALS, which makes a real difference to the patient's welfare."

He lives in Westwood, New Jersey with his wife Colette and has 3 children and 3 grandchildren. In his spare time he is avidly interested in photography.
